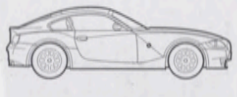
High performance, definitive style. The BMW Z4 Coupé.

Power and beauty. A unique, breathtaking combination. The BMW Z4 Coupé embodies a passion for pure driving pleasure and dramatic style. This is something very new, for every journey – for every sense.

An auditorium for the senses. The BMW Z4 Roadster.

Pure, finely-honed, authentic. This is the Z4 Roadster, the very essence of dynamism. A perfect balance between Nature's elements and the BMW experience. The sun, wind, sky and road. The poise, power, precision – and your driving pleasure.

For more information, visit www.bmw.co.uk or www.bmw.ie

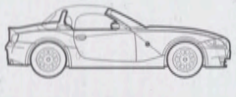


BMW Z4 Coupé

Equipment of model shown:

Engine:	Six-cylinder in-line petrol engine
Power:	265 hp (195 kW)
Wheel:	Light-alloy wheels star-spoke 241
Exterior colour:	Space Grey metallic
Upholstery:	Black Oregon leather
Interior trim:	Brushed Aluminium

Information on fuel consumption and CO_2 emissions can be found on page 63.



BMW Z4 Roadster

Equipment of model shown:

Engine:	Six-cylinder in-line petrol engine
Power:	265 hp (195 kW)
Wheel:	Light-alloy wheels turbine styling 201
Exterior colour:	Titanium Silver metallic
Upholstery:	Black Oregon leather
Interior trim:	Brushed Aluminium

Information on fuel consumption and CO_2 emissions can be found on page 63.

Sports illustrated.

Visually, the Z4 Roadster speaks for itself. Taut, stretched powerdome. Long wheelbase. Short overhangs. A purposefully dynamic new front spoiler. This is a pure roadster for the 21st century.

The road to driving pleasure.

It's about focus. Purity of purpose. No distractions and no compromise. Just you, the road, and the BMW Z4 Roadster. Savour the seamless power and the breathtaking acceleration courtesy of three six-cylinder engines or the classic four-cylinder unit. Go where the Roadster takes you...

D
M EH 4339

The laws of physics. The dynamic optimum.
The design and engineering of the BMW Z4 Roadster follow simple yet remarkably effective principles. It has a rigid, lightweight chassis. It's rear-wheel drive with a low centre of gravity. It all means perfect balance, unshakeable poise, and an open invitation to explore the performance boundaries.

All the right connections.

Power is one thing. The capacity to wield it is another. With the standard six-speed manual gearbox at your command, the transmission of the Z4's deep reserves of power rests decisively in the palm of your left hand. Choose the optional automatic and, depending on model, control lies at the tips of your fingers via steering wheel-mounted paddles.

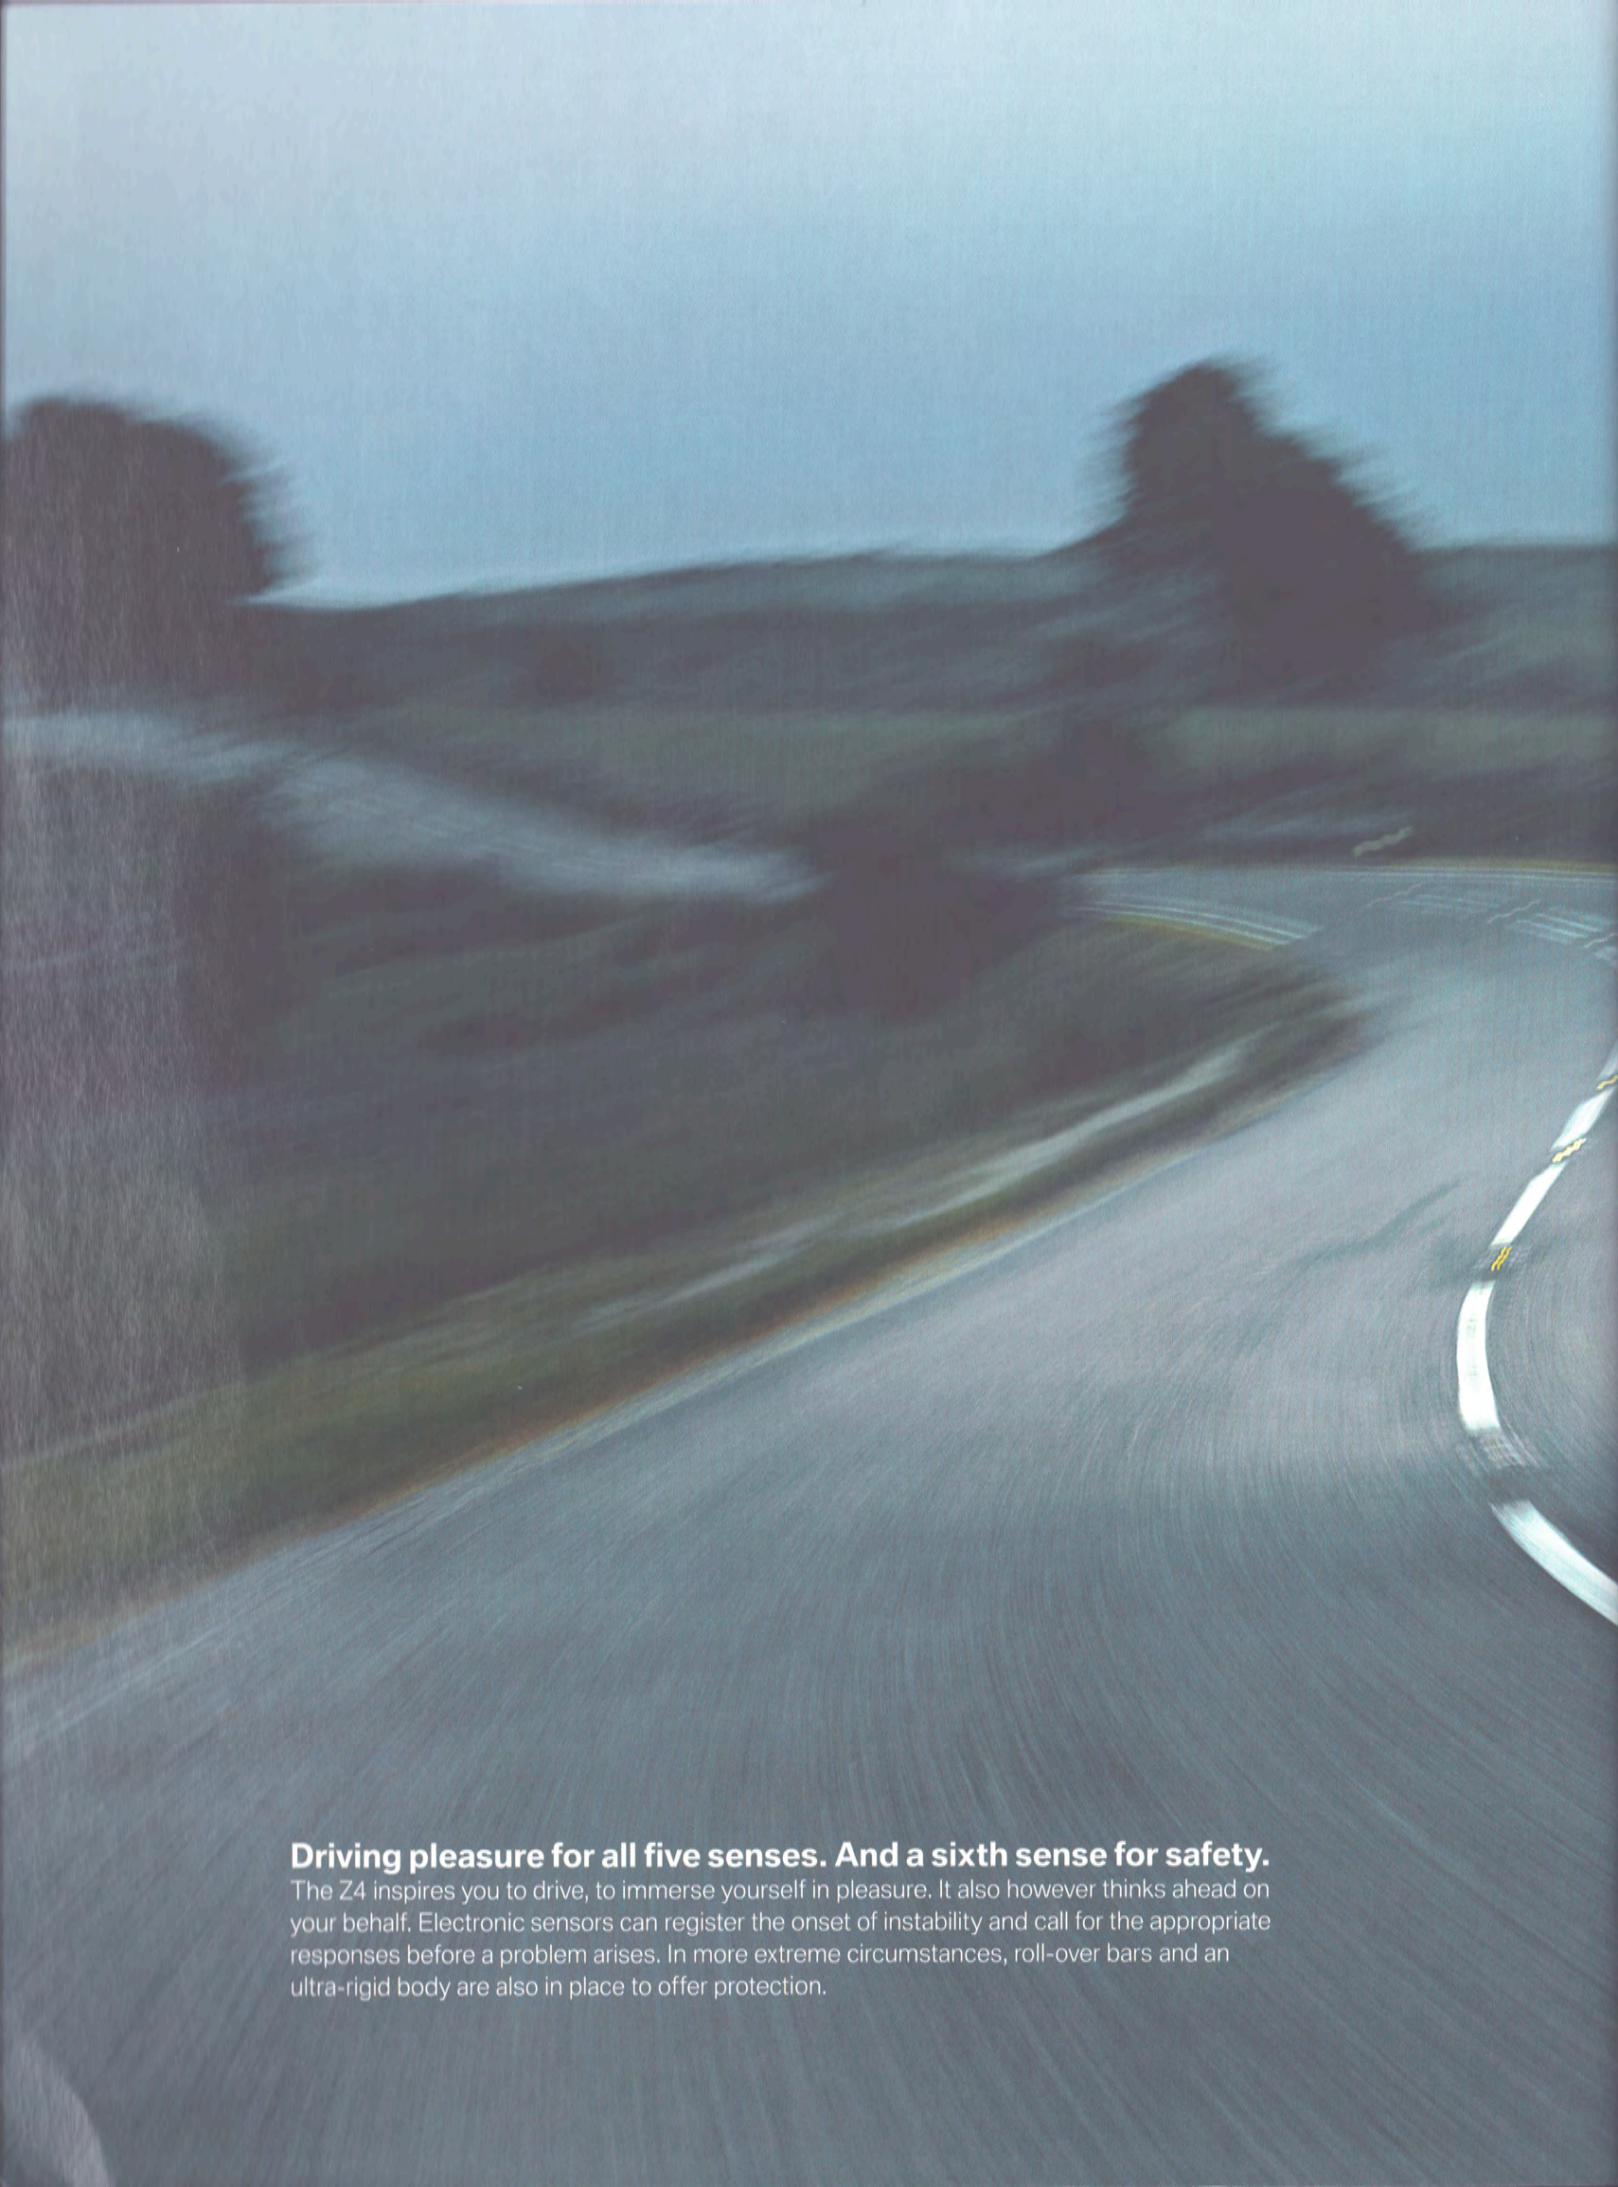
Inside information.

The interior of the BMW Z4 Roadster is a model of focused clarity and ergonomic intelligence. Controls and instruments are easy to read. Operation becomes instantly familiar and intuitive. In this way, your focus on the road remains as sure and satisfying as your grip on the sports steering wheel.

Equipment of model shown:	
Model:	Z4 3.0si
Upholstery:	Black Oregon Leather
Interior trim:	Brushed Aluminium
Optional equipment:	Automatic transmission, Navigation system – Professional, Seat heating, Multi-function controls for steering wheel

Fresh air. Maybe with a hint of leather?

High dynamic capability leads to faster corners. So it's good to know the seats in the Z4 are built to keep you securely in place and comfortable, even on the most spirited drive. They're upholstered in durable and attractive high-quality materials too. Fit and finish, as you would expect of BMW, are of the highest order.



Driving pleasure for all five senses. And a sixth sense for safety.
The Z4 inspires you to drive, to immerse yourself in pleasure. It also however thinks ahead on your behalf. Electronic sensors can register the onset of instability and call for the appropriate responses before a problem arises. In more extreme circumstances, roll-over bars and an ultra-rigid body are also in place to offer protection.

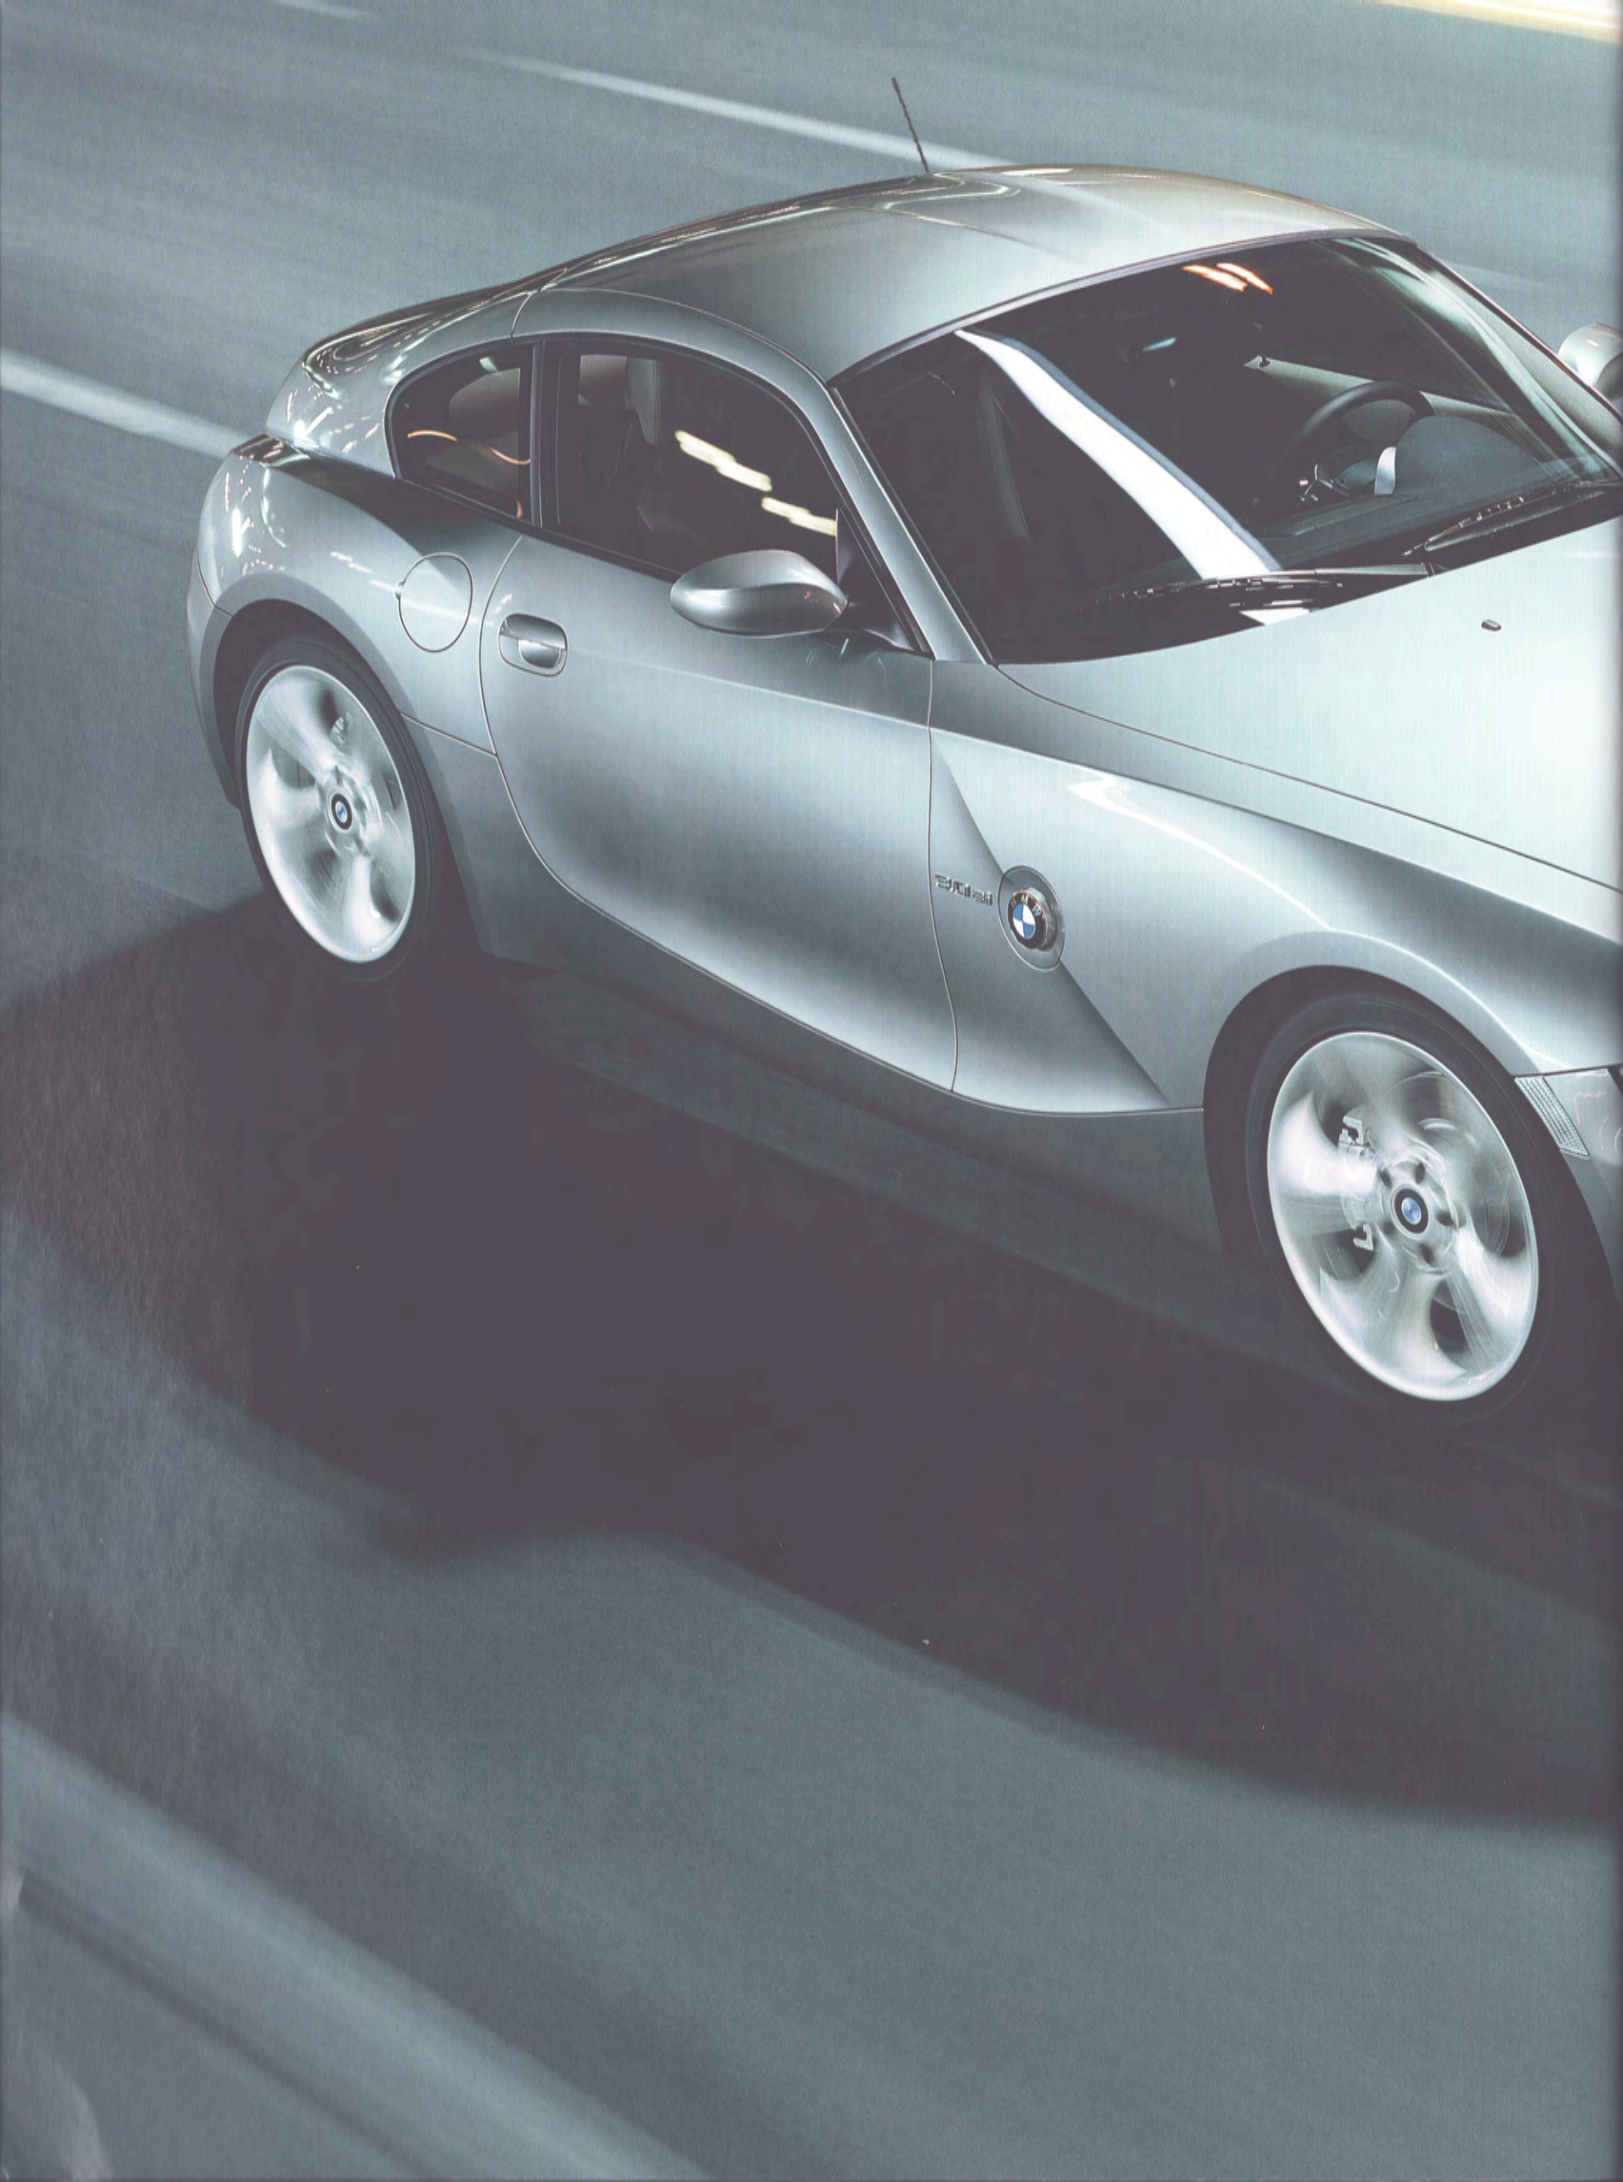
M HA 4330

A vision to stir the soul. And arouse the senses.
In the two-seater BMW Z4 Coupé, you won't want a journey to end. As night closes in, the urge to keep on driving just keeps getting stronger. Why? Because this is a thoroughbred sports car offering an unrivalled experience of concentrated, perfectly delivered power and uniquely expressive design. The fabric of dreams. Intense reality.



The road to pure driving pleasure.

Rich reserves of power. Instant acceleration. Adrenaline on demand. And it's all under supreme control in the BMW Z4 Coupé thanks to an optimised chassis for exceptionally agile handling and direct, responsive steering that reports in full on everything that's happening on the road. Fine-tuned, dynamic connections are made all the time, turning every corner into its own driver-focused adventure.

Beauty. No holds barred.
The BMW Z4 Coupé presents evocative, classic sports car proportions – but in its own distinctive, unique fashion. The long bonnet stretches forward with unmistakable sporting purpose. Short overhangs and the deep, rear-slung seating position express with focused clarity the extraordinarily high potential of this car. Even at rest, the dynamic intentions are clear. The reality of the drive, with 265 hp at your command, is enough to take your breath away.

3.0si

For those who prefer a natural high.
Pull up to a standstill. Step out. And you're still smiling. Driving the BMW Z4 Coupé is another one of life's natural highs. An endorphin hit on the open road. It's down to bewitching design and enthralling power applied in the most personally rewarding configuration possible. A two-seater BMW sports coupé.

Z4
D
M HA 4330

It's all about focus.

From here, the focus is always on the road and the exhilarating sports car experience. Which is as it should be – it's the BMW way. Every control is within intuitive reach. Reach out and it's there. And you sit low in the classic coupé cabin. Closer to the action. Closer to the road.

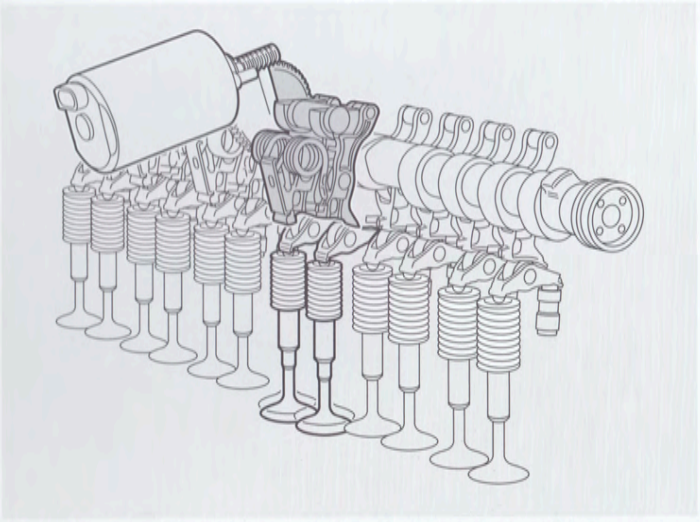
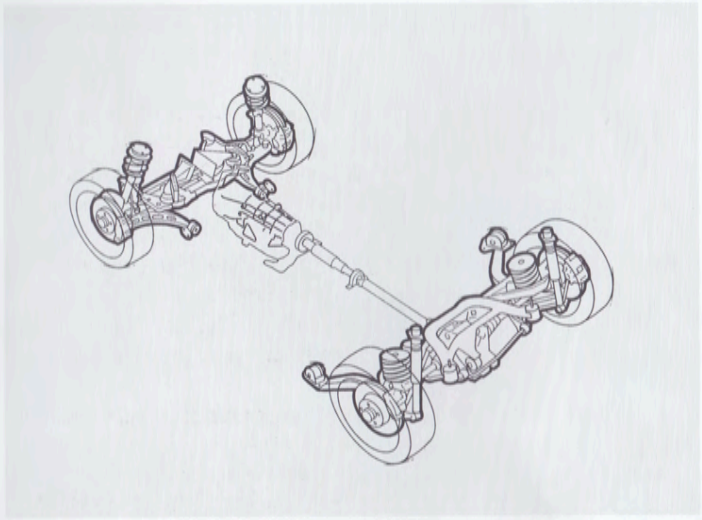
Smooth power. Intelligent application.



Significant weight savings and a host of benefits result, thanks to the world's first composite magnesium-aluminium crankcase in volume series production.

The BMW Z4 3.0si Roadster and Coupé come with a six-cylinder engine that, thanks to its in-line layout, is almost completely free of vibration. Refinement, therefore, is remarkable, even as the powerplant spins freely through to 7,000 rpm. The dynamic strengths are equally impressive. The 265 hp (195 kW) engine can take the Z4 from zero to 62 mph (100 km/h) in just 5.7 seconds. This power is underpinned by high efficiency thanks to a host of technological innovations. Among them is Valvetronic, a system that infinitely varies valve lift for instant engine responses and optimum use of fuel. An electric water pump, controlled according to the precise requirements of the engine rather than rpm alone, is another clever feature. As for overall weight, this is reduced considerably thanks to the extensive use of aluminium and magnesium. This doesn't just improve fuel economy, it also makes the BMW Z4 more agile for even more enjoyable performance and handling. The other engines in the Z4 Roadster range offer a similarly enticing blend of refinement, power and dynamism – from the sporting six-cylinder 2.5si (218 hp/160 kW) and 2.5i (177 hp/130 kW) to the spirited four-cylinder 2.0i (150 hp/110 kW).

BMW
BMW

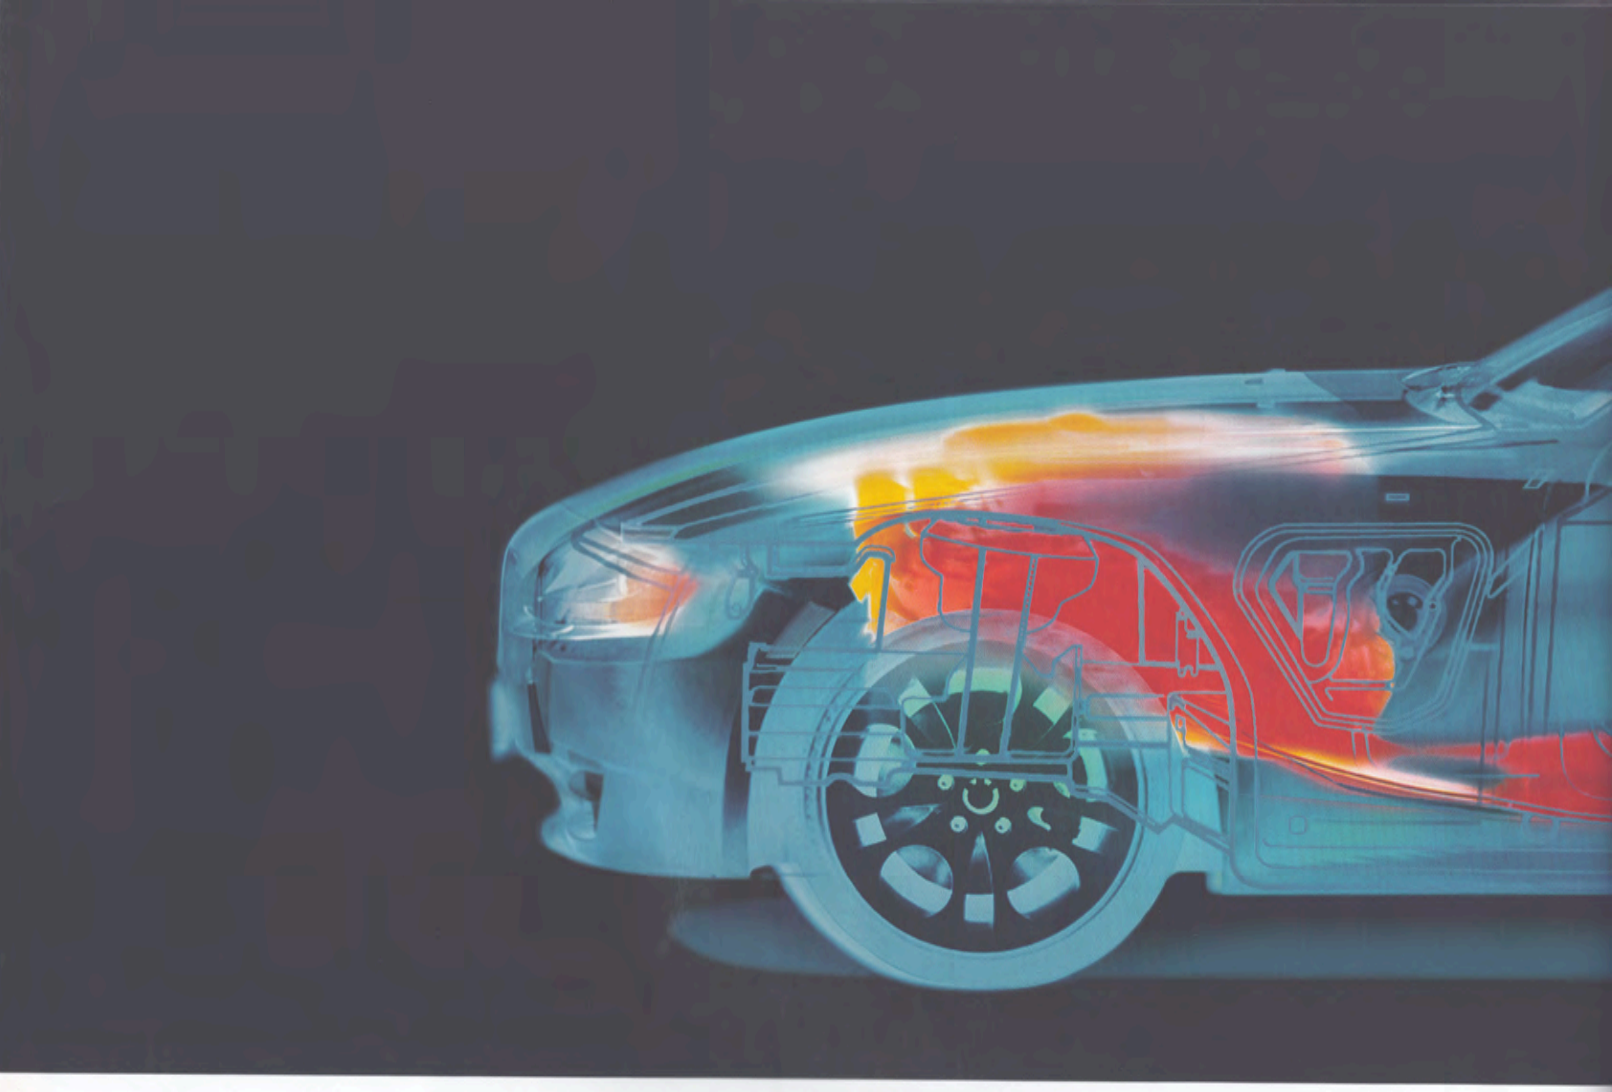


Light on its feet: the lightweight chassis has a single-joint spring strut front axle and a central-arm rear axle with aluminium wishbones.

The balance of power lies in your hands.

With its wide track, long wheelbase, low centre of gravity and low seating position, the Z4 is the definitive sports car. It's also, of course, a BMW. And that means exhilarating responses and surefooted composure when the straights become corners. One of the reasons for such dynamic strength and precise handling is its near-perfect 50:50 front-to-rear balance. The fact that it is rear-wheel drive contributes too. This also helps provide high levels of traction and steering precision, aided in critical situations by Dynamic Stability Control (DSC+) which helps prevent the car from running wide of your intended course when, for example, the road is wet. This system also features Dynamic Traction Control (DTC), which allows a limited amount of wheelslip for extra traction should you need it, for instance, when on a loose surface.

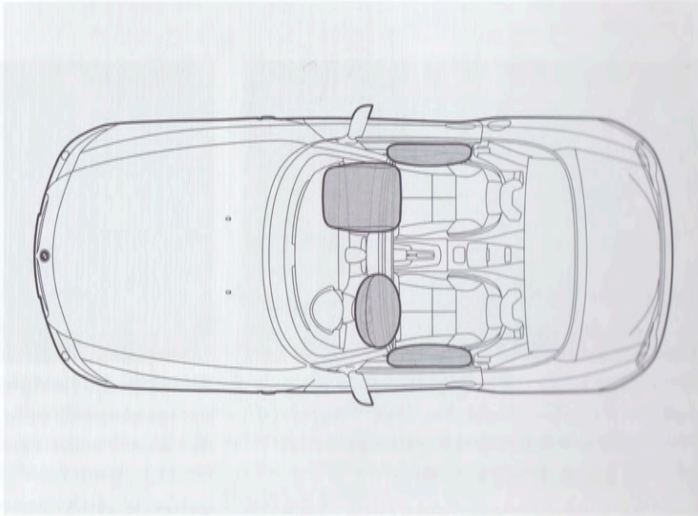
As standard, the Z4 is fitted with a rewardingly precise manual gearbox. If you wish, you can choose the optional automatic transmission which provides fast, dynamic shifts. On the 2.5si or 3.0si, the automatic gearbox also features steering wheel mounted gear-change paddles, and sports programming for even quicker gear shifts. Whichever transmission you select, you benefit from the flexibility and efficiency of six speeds.



Undercover protection.

While the Z4 offers the pure undiluted pleasures of a BMW sports car, it also provides a wealth of intelligent safety equipment beneath those elegant, dynamic lines. Designed with both active and passive safety in mind, the car features a high-strength steel body, twin rollover bars and a reinforced windscreen frame for a third level of roll-over protection. Shock-absorbing head-restraints plus driver, passenger and side airbags provide excellent protection. When the airbags are activated, the starter cable is separated simultaneously from the battery, safety belts are pre-tensioned and the generator and fuel pump shut down. When it comes to active safety, Dynamic Stability Control (DSC+) steps in with the right, intelligent response at exactly the right time – before instability can become a problem. The system uses targeted engine management and brake system intervention to counteract understeer as it develops, thus stabilising the car. Further DSC safety functions include Brake Pre-tensioning, which helps to reduce stopping distances under emergency braking. Brake Drying optimises brake response in wet conditions, and Brake Fade Compensation maintains effective braking performance even under extreme use. Safety does not come at the cost of comfort, either. Hill-start Assistant, for example, helps you pull away smoothly on inclines and Soft Stop brings you to a smooth and controlled standstill.

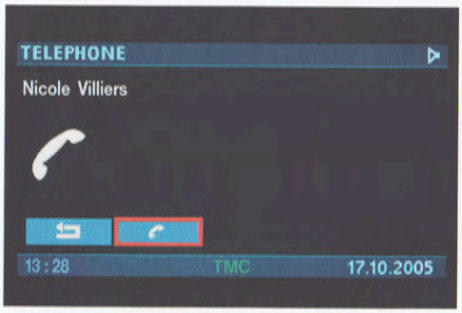
High resolution infrared detectors reveal the heart of the Z4 – its refined in-line six-cylinder engine – as it transmits power to the rear wheels. This rear-drive configuration contributes enormously to the car's excellent driving dynamics.



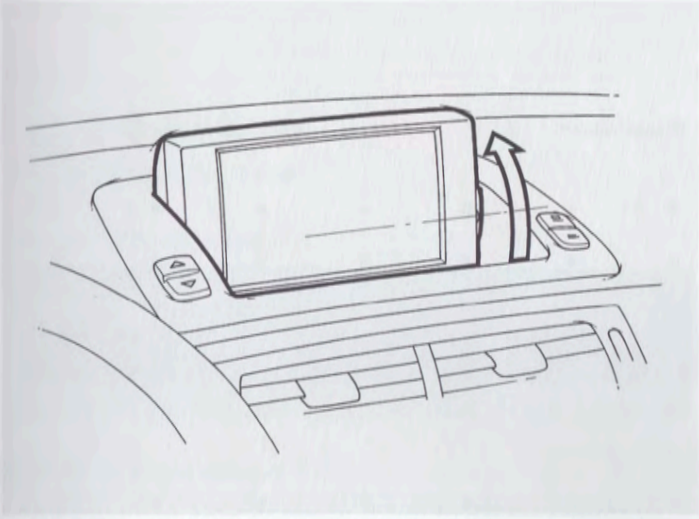
The driver and passenger airbags in the BMW Z4 are two important elements in an impressive all-round passive safety package.

In conjunction with the optional Navigation system – Professional, the THX™ Certified Hi-Fi loudspeaker system – Professional offers a seven-band equaliser.

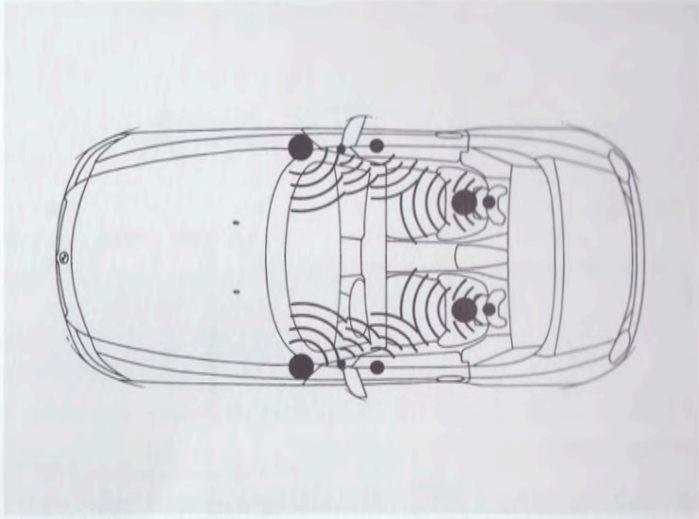
The optional Navigation system – Professional directs you quickly to your destination and it also incorporates TMC traffic information*. For additional guidance, indicator arrows and 3D overview maps are shown on the 16 : 9 monitor.



Bluetooth mobile phone preparation is available as an option. When specified in conjunction with Navigation system – Professional, you are able to scroll through the telephone directory or simply make a call at the touch of a button.



The horizontally adjustable 16 : 9 monitor. This is provided with a special anti-glare surface and it folds out of the dashboard at the touch of a button. Available in conjunction with Navigation system – Professional.



The THX™ Certified Hi-Fi loudspeaker system – Professional with Carver technology, three-way speakers in the front, in the mirror triangles, in the doors and in the foot area; two-way speakers behind the seats and two sub-woofers in the speakers in the partition wall.

One high-resolution screen. A new world of possibilities.

Whether you're looking for the most picturesque route or a good restaurant, the optional Navigation system – Professional makes it easy to find. Directions are indicated via vocal instructions, with additional aids such as direction arrows and maps shown on the split-screen display. The radio provides you with the latest traffic information via the Traffic Message Channel (TMC)*, which is then incorporated, for your convenience, into the navigation system. The optional BMW ConnectedDrive service** enables you to request information about places such as museums, art galleries, theatres and hotels, they can then be transferred into your Navigation system or Bluetooth telephone. Map data is stored on a DVD. If you'd like to turn your top-down drive into an open-air concert, you can with the THX™ Certified Hi-Fi loudspeaker system – Professional. This features a 10-channel amplifier and sound processor, 430W output, room simulation and Carver technology.

* This service (TMC) is active only when the radio is switched off, or tuned to Classic FM, or in CD playback mode. TMC is not available in the Republic of Ireland, Isle of Man and the Channel Islands.
** BMW ConnectedDrive services are not available in the Republic of Ireland, Isle of Man and the Channel Islands.

● Recommended colour combination

The following pages show the colours and materials available for the BMW Z4 Roadster and Z4 Coupé. Use them to identify your favourite colours, or compare various combinations. These colour samples are designed to give you a first impression of paints and materials. Experience has shown, however, that printed versions of paint and upholstery colours cannot in all cases faithfully replicate the colour appearance of the originals. We recommend therefore that you consult your BMW Dealer on your preferred colour choices. They will be happy to show you larger samples and assist you with your choices.

The models, equipment and possible vehicle configurations (standard and optional equipment) illustrated in this brochure reflect the specifications of vehicles supplied by BMW AG to the German market. In other EU member states, individual models' equipment content and possible configurations of standard and optional equipment may vary. For precise information on the various country-specific versions available, please contact your local BMW Dealer. Subject to change in design and equipment.

Stylish.

Black Sapphire exterior with Dream Red New England full leather interior makes for a dramatically effective combination. Not only are the seats and head restraints upholstered in this high-quality gloss leather, but so too are other elements such as the door trim and sun visors. The overall look is rounded off perfectly by minimalist interior trim inserts in Brushed Aluminium.

Exterior colour: Black Sapphire metallic.

Upholstery: Dream Red New England full leather.

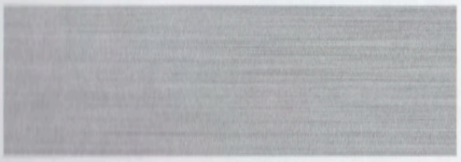
Interior trim: Brushed Aluminium.

Sporty.

The inherent visual strength of the BMW Z4 can be greatly enhanced with the vitality of the Active Sports leather/sport fibre. In Montego Blue, this upholstery complements the Space Grey metallic exterior to make a strong and lasting impression, underscored by the Brushed Aluminium interior trim inserts.

Exterior colour: Space Grey metallic.

Upholstery: Montego Blue Active Sports leather/sport fibre.



Interior trim: Brushed Aluminium.

Classic.

Ownership of a BMW Z4 promises rewardingly personal experiences time and time again. The nature of this car, therefore, warrants high quality materials with their own distinctive character. New England full leather upholstery in Saddle Brown is such a material. Combined with the Monaco Blue metallic exterior and interior trim inserts in Light Poplar wood, the result is exceptional and classic style.

Exterior colour: Monaco Blue metallic.

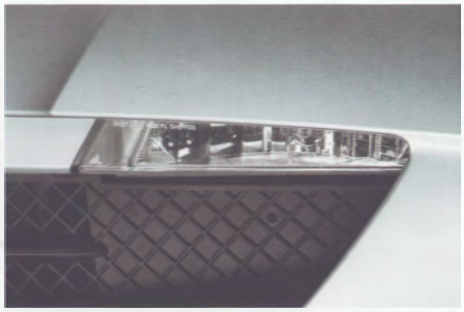
Upholstery: Saddle Brown New England full leather.

Interior trim: Dark Poplar wood, high-gloss.

■ Standard equipment □ Optional equipment

□ 430 **Rear-view and exterior mirrors, automatically dimming:** driver and passenger mirrors with automatic anti-dazzle function.

■ **Kidney grille with chrome surround** and black kidney slats (on 3.0si models the kidney slats come in matt silk graphite as shown).



■ **Foglights, front:** integrated into the front bumper. The foglights provide extra safety in bad weather conditions.

□ 522 **Xenon headlights** for low and main beam, with dynamic range control provide increased illumination of the road ahead in bad weather or poor visibility (available only in conjunction with headlight wash system).

■ **Side indicator repeater,** integrated behind the BMW roundel.

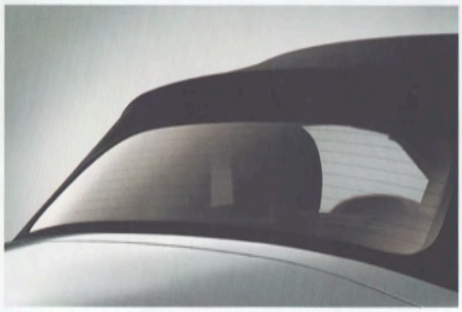
■ **Brake Force Display** helps following drivers to judge your braking situation. Under full braking force, the illuminated surface of the brake lights increases. Following traffic can immediately distinguish between light and full braking force – to the greater safety of everyone.

■ **Headlight housing** in black (standard on all models except 3.0si).
■ **White indicator lenses,** an attractive detail lending your BMW Z4 an especially sporting look.

■ **Headlight housing** in matt chrome (standard on 3.0si models).

□ 502 **Headlight wash system:** high pressure jet system for cleaning headlight lenses (standard on 3.0si models).

☐ 508 **Park Distance Control (PDC),** rear; facilitates parking and manoeuvring in tight spaces. The distance between your car and any obstacle is indicated acoustically.



■ **Glass rear window,** heated; scratch resistant rear window ensures optimal rear vision at all times.

■ **Soft top (closed)[1]:** the generously lined soft top is a harmonious match for the sporting, dynamic design of the Z4 Roadster, and insulates the interior against noise and extremes of temperature. Available in black, grey and dark beige (see colour combination table).

☐ 387 **Wind deflector[1]** reduces irritating draughts and annoying isolated turbulence in the shoulder and neck region; consisting of two panes securely fitted into the roll bars and a frame-based net spanning between them. If the net is not required, it can be stored in a special storage rack in the luggage compartment.

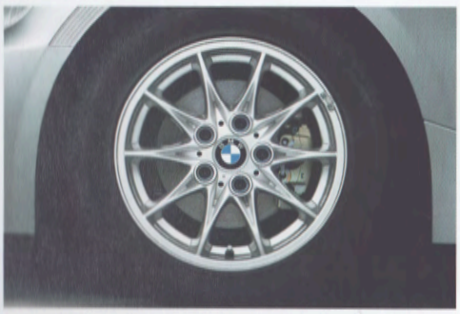
■ **Fully automatic roof operation[1],** at the touch of a button the soft top opens/closes in less than ten seconds.

☐ A **hard top** (illustrated) is available as an accessory through your BMW Dealer.[1]

[1] BMW Z4 Roadster models only.

■ Standard equipment □ Optional equipment

□ 2RT **BMW light-alloy wheels** turbine style 201, 8 J x 17 inch with 225/45 R 17 tyres, incl. locking wheel bolts (not available on Sport models).



■ **BMW light-alloy wheels** cross-spoke style 104, 7 J x 16 inch, 225/50 R 16 tyres, incl. locking wheel bolts (standard on all SE models except 3.0si SE, not available on Sport models).

□ 331 **BMW light-alloy wheels** star-spoke style 102, 7 J x 16 inch, 225/50 R 16 tyres, incl. locking wheel bolts (not available on 3.0si SE, not available on Sport models).

□ 2C8 **BMW light-alloy wheels** star-spoke style 200, 8 J x 17 inch with 225/45 R 17 tyres, incl. locking wheel bolts (standard on 3.0si SE, not available on Sport models).

☐ 2R8 **BMW light-alloy wheels** star-spoke style 241 with mixed tyres, 8 J x 18 inch at the front with 225/40 R18 tyres, 8.5 J x 18 inch at the rear with 255/35 R18 tyres incl. locking wheel bolts.

☐ 333 **BMW light-alloy wheels** star-spoke style 105 with mixed tyres, 8 J x 17 inch at the front with 225/45 R 17 tyres, 8.5 J x 17 inch at the rear with 255/40 R 17 tyres, incl. locking wheel bolts (not available on Sport models).

☐ 2R3 **BMW light-alloy wheels** star-spoke style 203 with mixed tyres, 8 J x 18 inch at the front with 225/40 R 18 tyres, 8.5 J x 18 inch at the rear with 255/35 R 18 tyres, incl. locking wheel bolts (not available on Sport models).

■ Standard equipment □ Optional equipment

■ **Standard Sports seats for driver and passenger,** deep mounted surface area, optimum lateral support in every driving situation provided by highly-contoured seat sides. With a wide range of settings and individual adjustment for seat height and seat angle, shown here in Black Oregon leather (not available on Sport models).

□ 494 **Seat heating** for driver and passenger ensures a pleasantly warm seat surface within minutes (three settings).

□ 459 **Seat adjustment, electric,** for driver and passenger seat. Allows easy adjustment of seat position, plus memory function for driver's seat (three personalized positions can be stored for the settings of the driver's seat) (standard on 3.0si models).

□ **Front armrest,** ergonomic design (standard on 3.0si and all Sport models. Included on all other models in combination with Active Sports or leather upholsteries).

□ 205 **Six-speed automatic transmission,** Adaptive Transmission Management (ATM) and Shift/Interlock. Steptronic function enables you to select gears manually, without the need for a clutch pedal. (Also features steering wheel mounted gear-shift paddles and sports programming for even quicker gear shifts on 2.5si and 3.0si models.)

■ **Six-speed manual transmission,** makes for extremely dynamic driving. Smooth and optimally synchronized, it boasts precise, short shift throws. Thanks to the close-ratio gearbox, the engine is even more responsive to a dynamic driving style.

■ **Driving Dynamics Control** (sport mode), at the touch of a button, engine response to the accelerator becomes even more spontaneous. With the automatic gearbox, the sport programme is engaged and gear shifts occur faster. Steering assistance is also reduced and cruise control (where specified) accelerates faster (standard on 2.5si and 3.0si models).

□ 540 **Cruise control** lets you store and maintain a chosen speed (for speeds of 18 mph and higher). Operated via a steering column lever.

■ Standard equipment □ Optional equipment

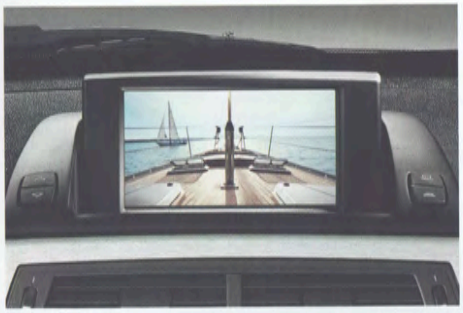
■ **Sports steering wheel** (diameter 358 mm), three spokes.
□ 255 **Sports leather steering wheel,** incl. gearlever knob and handbrake lever gaiters in leather (standard on 2.5si SE and 3.0si SE models).

□ 249 **Multi-function control** of radio and telephone via buttons on the steering wheel.

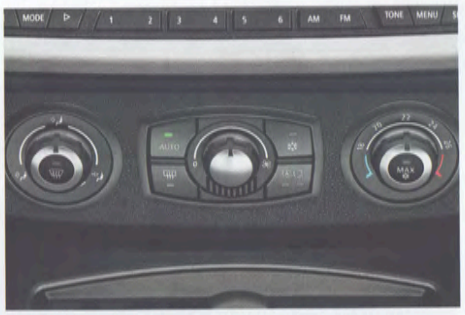
■ **On-board computer** provides data on average speed, fuel consumption, range, time and outside temperature.

□ 609 **Navigation system – Professional** with 16 : 9 screen guiding you quickly and accurately to your destination. Traffic Message Channel (TMC)[1] is included along with a DVD mapping disc covering detailed information for Europe.

[1] TMC is active only when radio is switched off, tuned to Classic FM or in CD playback mode. TMC services are not available in the Republic of Ireland, Isle of Man and the Channel Islands.



☐ 601 **TV function** for Navigation system – Professional; the TFT screen can be used as a TV (incl. teletext) when the car is parked. Can receive terrestrially broadcast analogue and digital (DVB-T) transmissions.



■ **Automatic air conditioning,** including AAR and solar sensor, rapidly provides the desired climatic conditions in the interior of the vehicle and maintains the selected temperature. The integrated Automatic Air Recirculation Control (AAR) ensures that pollutants in the air do not enter the vehicle above a certain concentration.

■ **BMW Business Radio CD,** 4 x 25 watt power output, antenna diversity, integrated CD drive, motorized CD insert/eject, MP3/WMA CD playback function and connection for BMW CD changer.

☐ 676 **BMW Hi-Fi loudspeaker system** with ten loudspeakers.
☐ 677 **THX™ Certified Hi-Fi loudspeaker system – Professional** with 430 watt amplifier, 7 band equaliser[1] and ten loudspeakers, it provides an excellent sound. Carver technology produces an especially brilliant bass playback at low volume.

☐ 672 **CD changer,** incl. MP3 decoder integrated into the storage compartment. The CD changer can hold up to six CDs (picture includes navigation system drive).

■ **AUX-IN connection** for auxiliary input devices (e.g. Apple iPod).

☐ 644 **Bluetooth Telephone Preparation** with hands-free system, socket for charger, external aerial and operation via multi-function steering wheel or navigation[2].
☐ 633 **Bluetooth Telephone Preparation with Telematics.** With features as above plus compatibility with optional BMW ConnectedDrive package[3].

[1] In conjunction with option 609, Navigation system – Professional.

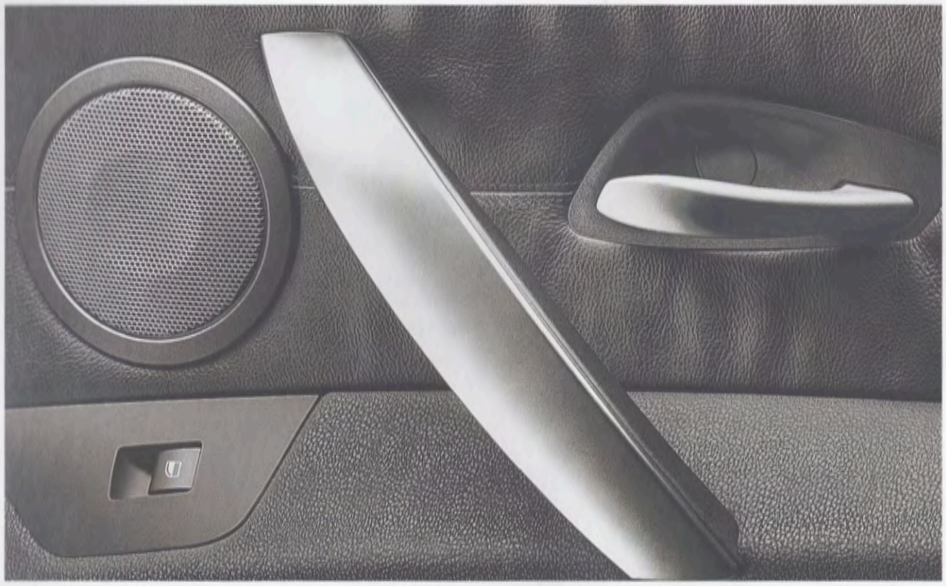
☐ 620 **Voice control** for telephone and Navigation system – Professional. Voice control can be activated at a press of a button on the optional multi-functional steering wheel.

[2] An optional snap-in adaptor is available as a BMW Accessory. Contact your BMW Dealer for information on recommended telephones.

☐ 493 **Storage package:** comprising two storage nets at the back of the seats and on the passenger side of the transmission tunnel plus two touch-operated cup holders below the air vents on the left and right hand side.

[3] BMW ConnectedDrive services are not available in the Republic of Ireland, Isle of Man and the Channel Islands.

■ Standard equipment □ Optional equipment

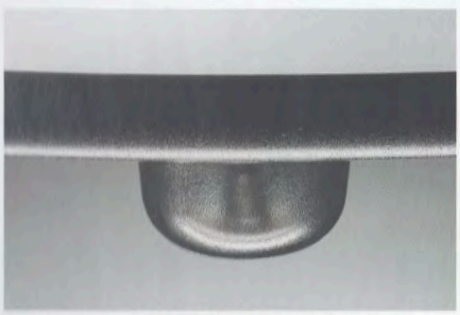


□ 345 **Chromeline interior** lends your car the ultimate touch of exclusivity. Covers the centre of the steering wheel, the inner door handles, door pulls and gear knob or gear selector and, on the Roadster, roll bars (standard on 2.5si and 3.0si models).

■ **Electric window lifts,** incl. one-touch opening/closing function for driver's window, and one-touch opening function for passenger's.

□ 431 **Rear-view mirror, automatically dimming,** when the level of light from following vehicles reaches a predefined intensity the automatic anti-dazzle function is activated. Includes interior light package. (Standard on 2.5si and 3.0si models.)

□ 521 **Rain sensor with automatic headlight activation:** when activated, the rain sensor automatically turns the wipers on and adjusts the wiper frequency according to the intensity of the rain. At dusk or when driving through a tunnel the dipped beam of the integrated automatic headlights will automatically be switched on (standard on 3.0si models).



■ **Alarm system with radio remote control:** in the event of an attempted break-in or any tampering with the vehicle the alarm emits an acoustic signal and switches on the hazard warning lights.

■ **Tyre Puncture Warning System (TPWS)** detects drops in tyre pressure and warns the driver with an indicator light in the instrument panel. Should pressure drop dramatically over a short period, the driver is warned by an additional acoustic signal.

■ **Central locking with electronic immobiliser** locking doors, boot lid, convertible top and fuel filler cap as well as the storage compartment at the back between the seats; remote control with automatically recharging battery in the key.

■ **Luggage compartment - Roadster** with all-round textile lining; with soft top closed (variable soft top compartment empty) the luggage compartment wall folds up towards the top, increasing luggage volume from 240 to 260 litres.

■ **Wide-opening tailgate - Coupé;** luggage compartment cover conceals contents from prying eyes.

■ **Comfort opening - Coupé;** for convenient access, the luggage compartment cover opens in unison with the tailgate when in its extended position.

■ Standard equipment □ Optional equipment

Z4 Roadster and Coupé Sport models offer even greater dynamic presence. Exclusive 18" M double-spoke light alloy wheels lend the car a powerful sporting stance. The M leather steering wheel and the highly contoured M Sports seats carry this theme through to the interior. Please see page 62 for full details of Sport model specification.

■ **M Sports seats** for driver and front passenger, sporty design with integrated headrests. Optimum lateral support in dynamic driving conditions provided by highly-contoured seat sides.

■ **M leather steering wheel** (shown here with optional multi-function controls), thick contoured rim with thumb profiling for superb grip.

☐ 350 **BMW light-alloy wheels** star-spoke style 108, composite wheel with mixed tyres, 8 J x 18 inch, 225/40 R 18 front tyres, 8.5 J x 18 inch, 255/35 R 18 rear tyres. Incl. locking wheel bolts.

■ **BMW light-alloy wheels** double-spoke style 135M, with mixed tyres, 8 J x 18 inch, 225/40 R 18 front tyres, 8.5 x 18 inch, 255/35 R 18 rear tyres. Incl. locking wheel bolts.

BMW Individual: the only constraint is your imagination.

Thanks to BMW Individual your fantasies become reality. Commission your Z4 to reflect your unique character with exterior paintwork in lustrous Ruby Black or rich Midnight Blue. For lovers of luxury, premium-grade Nappa leather in classic hues such as Champagne, Caramel, Amarone or Syrah Blue – in standard or specially extended content – adds a rich veneer of unashamed opulence. Or for a dash of sporting flair, how about Bi-colour New England leather in Anthracite: with a high-contrast Imola red, Silverstone, Phoenix yellow or Dark

Shown wheels are not available in the UK.

Estoril blue counterpoint? Apply a more modest signature to your new Z4 with simple interior trim detailing in craftsmen-stitched leather, contemporary straight-grain mahogany or mirror-like piano lacquer. All personalisation work undertaken by the craftsmen and women of BMW Individual is carried out in accordance with BMW's peerless quality standards and is fully warranted. Your BMW Dealer has full details, but only you can choose, so set your imagination free.....

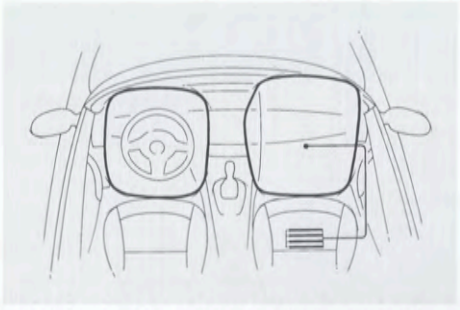
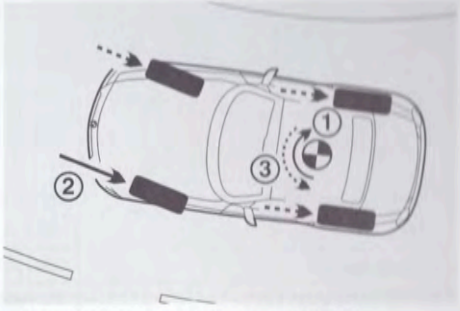
Equipped with all the best ideas. Genuine BMW Accessories.

A BMW always delivers a special drive – and Genuine BMW Accessories make the experience better still. Combining great ideas, immaculate design and sheer practicality to create innovative solutions, Genuine BMW Accessories are available in many categories: Exterior, Interior, Mobile Communications, Safety & Security, Versatility, Car Care and Lifestyle. The elegant boot lid railing, for example, is designed to enable the quick and easy mounting of a special luggage rack. And the hard-sided case provides another example of just how well thought out BMW Accessories are. Perfectly matched to the luggage rack, it is a breeze to install and can be secured against theft by means of the multifunction handle. To find out more about the complete Genuine BMW Accessories range, contact your BMW Dealer, who will be happy to advise and provide you with a comprehensive brochure.

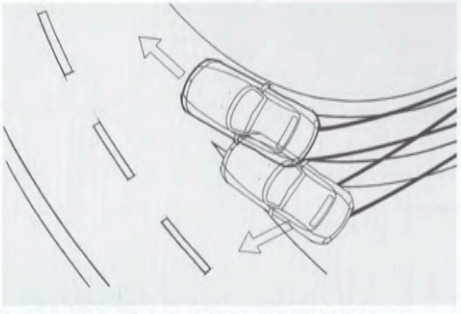


■ **Driver and passenger airbags** protect head and chest from impacts on the steering wheel or the dashboard in the event of a head-on collision. Only the airbag which is necessary will open. The passenger airbag is equipped with a seat occupancy detector.

■ **Side airbags** significantly reduce the risk of chest and pelvic injuries in the event of a lateral impact (illustration shows the BMW Z4 Roadster).

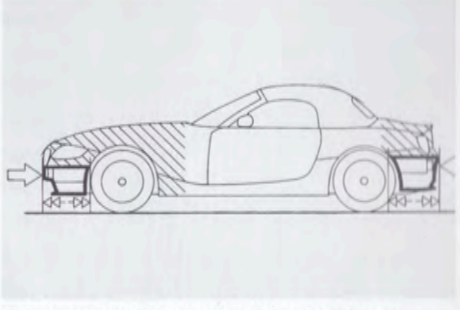


■ **Cornering Brake Control (CBC)** increases driving stability when braking lightly in corners taken at a high speed. Pressure is taken off the rear wheels when braking, causing the vehicle to swerve inwards in corners (1). CBC counteracts this by asymmetric regulation of brake pressure outside the range of ABS regulation (2), creating stabilising counter-torque (3).

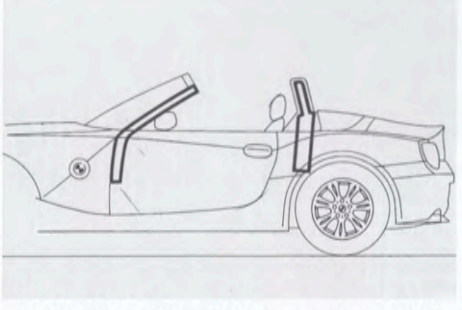


■ **Dynamic Stability Control (DSC+),** including Anti-lock Braking System (ABS), Automatic Stability Control (ASC+T), Brake drying, fade compensation and pre-tensioning, Cornering Brake Control (CBC), Dynamic Traction Control (DTC), Hill-start Assistant and Soft-stop. Please see BMW Technology Guide for further information.

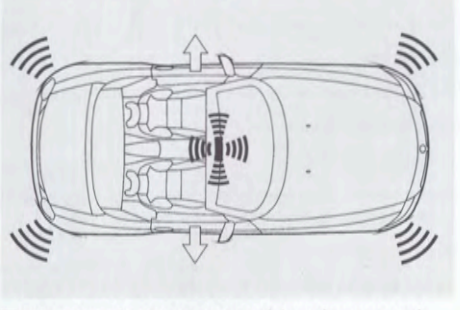
■ **Run-flat tyres** with reinforced side walls prevent the tyres from completely collapsing or loosening from the rim if the air pressure drops.
■ **Tyre Puncture Warning System (TPWS)** is an early warning system that detects impending tyre problems. An indicator light on the dashboard warns the driver of any slight drops in pressure, an acoustic signal warns of dramatic drops in pressure.



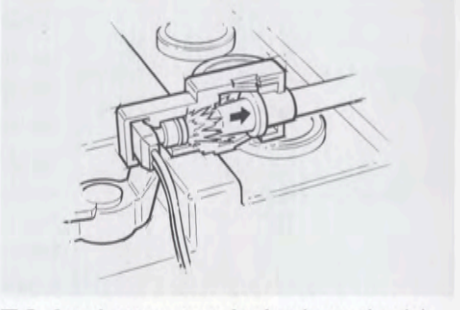
■ **Bumpers with reversible aluminum shock absorbers** withstand impact up to 2.5 mph (4 km/h) without damage. Special deformation zones at the front and rear absorb impact forces at speeds of up to 9 mph (15 km/h) without damage to the car's structural body.



■ **Roll-over safety system** consists of two steel rollbars behind the headrests; they are connected with a highly stable chassis cross beam. The system is completed by a rollbar of high-strength tubular steel integrated into the roof and A-pillars providing maximum safety in extreme situations (BMW Z4 Roadster).



■ **The crash sensor** overrides the central locking function in the event of an accident (the doors can then be opened), and the interior lights and hazard lights are switched on.



■ **Safety battery terminal** reduces the risk of fire in the event of a collision; within milliseconds, the starter cable is pyrotechnically detached from the battery.

Z4 2.0i SE	
Engine	**Catalytic converter**
	EU4 emissions management
	Four-cylinder in-line engine with four-valve technology
	Light alloy engine block and cylinder head
	VALVETRONIC engine management
Transmission	**Six-speed manual transmission**
Wheels and chassis	**16" light alloy Cross-spoke style 104,** with tyre size 225/50 R16
	BMW Z-link multi-link rear suspension
	Disc brakes all round, inner-vented at front
	Electric Power Steering (EPS) with Servotronic
Safety and technology	**Anti-roll bars,** front and rear
	Alarm system (Thatcham 1) with remote control and engine immobiliser
	Airbags – driver and front passenger, front side
	Brake Force Display
	Deformation zones front and rear, door reinforcements and bumpers that regenerate to their original shape in impacts of up to 2.5 mph (4 km/h)
	Dynamic Stability Control (DSC+) comprising:
	– Anti-lock Braking System (ABS)
	– Automatic Stability Control (ASC+T)
	– Brake Drying
	– Brake Fade Compensation
	– Brake Pre-tensioning
	– Cornering Brake Control (CBC)
	– Dynamic Brake Control (DBC)
	– Dynamic Traction Control (DTC)
	– Electronic Brake-force Distribution (EBD)
	– Engine Drag Torque Control (MSR)
	– Hill-start Assistant
	– Soft Stop
	First Aid kit and warning triangle
	Foglights, front & rear
	Halogen headlights
	High-level third brake light
	Run-flat tyres with Tyre Puncture Warning System (TPWS)
	Seat belts – inertia reel with pyrotechnic belt latch tensioner, belt force limiter and belt restrainer
	Side impact protection
Seats	**Child seat ISOFIX attachment** incl. key de-activation for passenger airbag
	Free Spirit cloth/Sensatec upholstery
	Sport seats – manual adjustment
Exterior equipment	**All round anti-corrosion system** with partial hot galvanising, phosphate treatment and cathodic dip paintwork, preservation of hollow cavities, underfloor protection
	Exhaust tailpipe – single, oval
	Exterior mirrors – aspheric, tinted, electrically-adjusted, body-coloured and heated
	Headlight housing in black
	Kidney grille, chrome with black vertical slats
	Reflectors integrated into front wheel arches
	Soft-top – lined, heated glass rear windscreen, fully automatic
	Windscreen washer jets, heated

Z4 2.0i SE	
Interior equipment	**Air conditioning,** automatic
	Battery under luggage compartment with jump start facility in engine bay
	Boot space illumination
	Courtesy lights with delay and interior night lighting
	Door sill finishers with BMW designation, aluminium
	Electric windows
	Floor mats
	Glove compartment, lockable and illuminated
	Handbrake lever and gear lever knob & gaiter in leatherette
	Instrument binnacle with speedometer, tachometer, fuel level and coolant temperature
	Silk Graphite interior trim
	Smoker's package
	Steering column with manual reach and rake adjustment
	Sun visors with vanity mirrors
	Three-spoke sports steering wheel
Audio and communication	**Auxiliary input** for auxiliary playing devices (eg. Apple iPod)
	BMW Business radio with single CD and MP3 / WMA playback compatibility
	On-Board Computer (OBC) comprising:
	– Average speed
	– Fuel consumption and range
	– Outside temperature display
	Preparation for six CD changer

Z4 2.5i SE	
Equipment in addition or replacement to 2.0i SE	**Exhaust tailpipes** – twin, round
	Six-cylinder in-line engine with VALVETRONIC II

Z4 2.5si SE	
Equipment in addition or replacement to 2.5i SE	**Chromeline interior** comprising:
	– Inner door grab handles
	– Roll over bars
	– Seat belt guide loop
	– Spider of gear knob
	– Spider of steering wheel
	Disc brakes – front and rear, ventilated
	Driving Dynamics Control (Sport mode)
	Handbrake lever and gear lever knob and gaiters in leather
	Interior lights package
	Rear-view mirror, automatically dimming
	Three-spoke sports leather steering wheel

Z4 3.0si SE Roadster & Coupé	
Equipment in addition or replacement to 2.5si SE	**17" light alloy wheel Star-spoke style 200,** with 225/45 R17 tyres
	Armrest – front, on transmission tunnel
	Brushed Aluminium interior trim
	Fixed coupé hardtop incorporating tailgate (Coupé only)
	Headlight housing in matt chrome
	Headlight wash system
	Kidney grille, chrome with matt Silk Graphite vertical slats
	Luggage compartment cover, retractable (Coupé only)
	Metallic paint
	Oregon leather upholstery
	Rain sensor with automatic headlight activation
	Seat adjustment – electric with driver memory
	Tailored headlining with sunglasses holder (Coupé only)

Sport Models	
Equipment in addition or replacement to respective SE model	**18" light alloy M Double-spoke style 135M,** with tyre size 225/40 R18 front, and 255/35 R18 rear
	Active Sports leather/sport fibre upholstery (Oregon leather on 3.0si Sport)
	Anthracite headlining (Coupé only)
	Armrest – front, on transmission tunnel
	Brushed Aluminium interior trim
	M Sports seats
	M Sports suspension
	Three-spoke M leather steering wheel

The models, equipment and possible vehicle configurations (standard and optional equipment) illustrated in this brochure reflect the specifications of vehicles supplied by BMW AG to the German market. In other EU member states, individual models' equipment content and possible configurations of standard and optional equipment may vary. For precise information on the various country-specific versions available, please contact your local BMW Dealer. Subject to change in design and equipment. Part number 94 23 2 078 502.

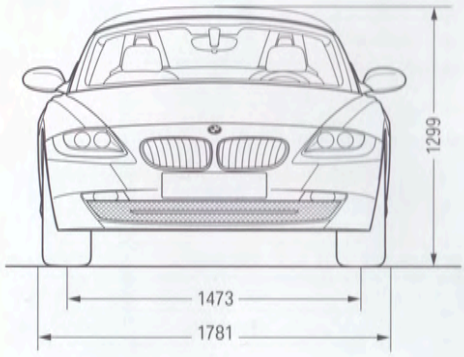
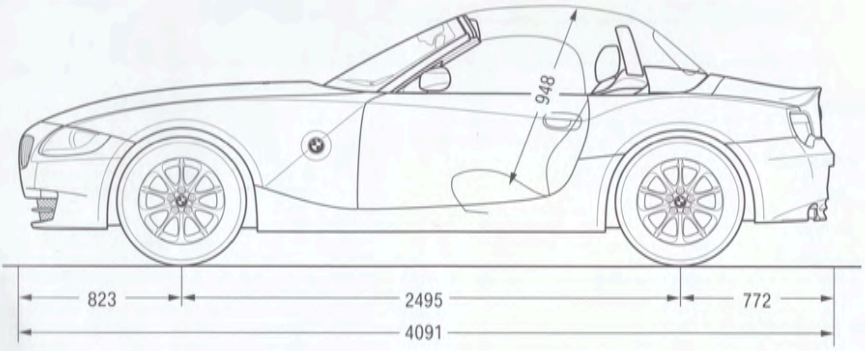
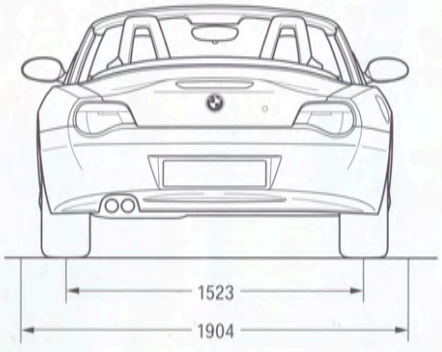
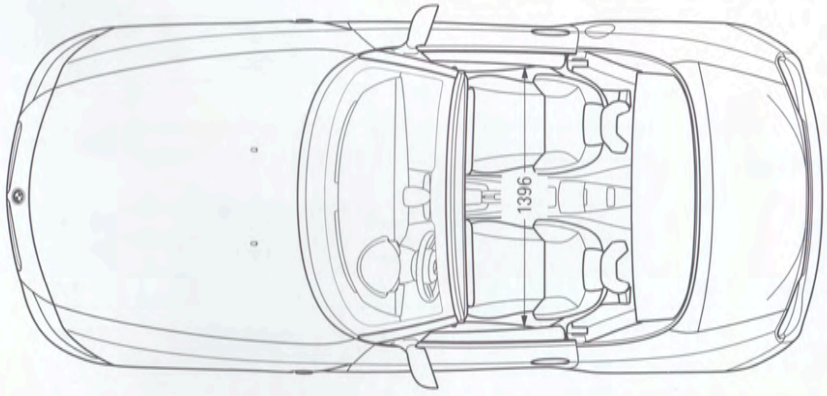
Explanation of footnotes can be found on page 64.

BMW Z4 Roadster







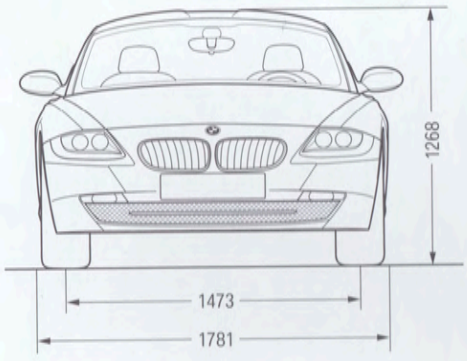


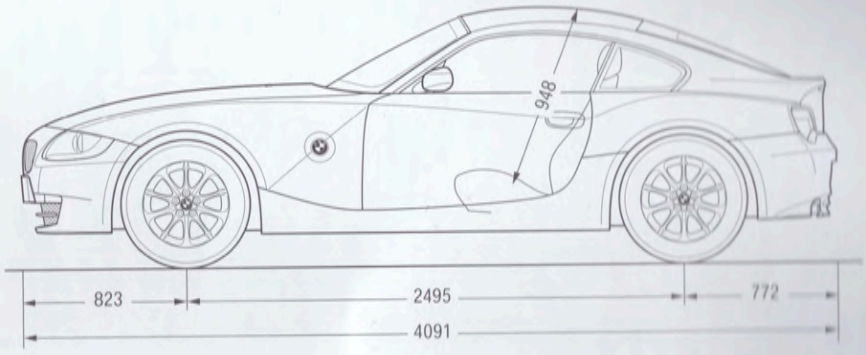
All dimensions in the technical drawings are given in millimetres. Luggage compartment capacity up to 260 litres (VDA measurement).

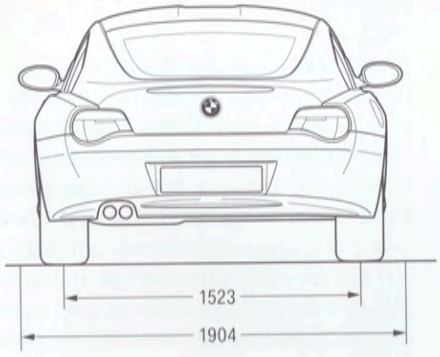
[1] Figures are based on a 90% full tank, driver's weight of 68 kg and 7 kg of luggage. Curb weight applies to vehicles with standard equipment. Optional extras may increase these figures.
[2] The BMW Z4 engines are designed to run on RON 98 fuel. They may be run on RON 91 fuel with a possible decrease in engine output.
[3] Combined fuel consumption is determined according to the ECE combined driving cycle in which approx. one third of the distance covered is in urban traffic and two thirds are extra urban driving. CO_2 emissions are measured in addition to fuel consumption.
[4] Electronically limited.
[5] 0 – 62 mph equivalent to 0 – 100 km/h.
[6] 50 – 75 mph equivalent to 80 – 120 km/h.

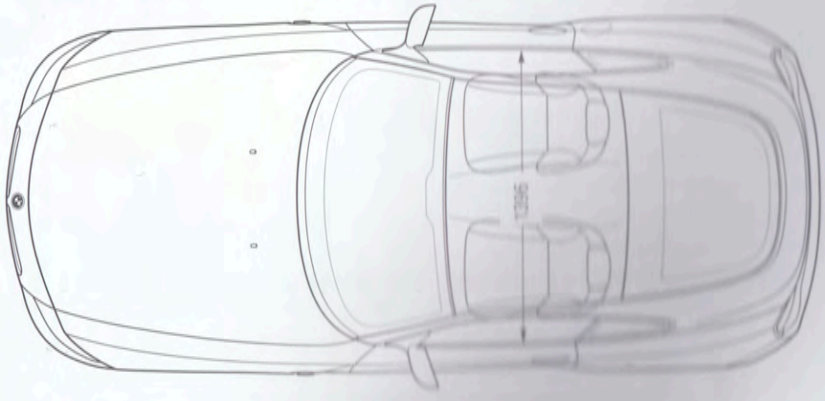
Values in [ ] apply to vehicles with six-speed automatic gearbox.

BMW Z4 Coupé









All dimensions in the technical drawings are given in millimetres. Luggage capacity up to 340 litres (VDA measurement).

BMW Recycling.

Your BMW is the product of a comprehensive recycling concept – but what exactly does that mean exactly? It means that right from the initial development of each BMW vehicle recycling requirements are taken into account. For example, all the materials used in manufacturing each model are carefully selected to preserve natural resources and to ensure efficient recycling – compatible with the environment. Each model is designed and built for simple and economic recycling after its long-running life, utilising the important know-how that's been accumulated since 1994 at the unique BMW Recycling and Dismantling Centre (RDC) near Munich. Please contact your BMW Dealer for advice on all matters regarding the return of your end-of-life vehicle.

BMW recommends Castrol

BMW Service: as innovative as our cars.

BMW Service.
BMW Service Inclusive.
Wouldn't it be good to know all your servicing costs in advance? Well, that's exactly what BMW Service Inclusive provides. Once you have decided which of the options best suits your needs, you can simply relax, and look forward to enjoying care-free driving, courtesy of BMW Service Inclusive. There is a BMW Service Inclusive option to suit everyone. You can choose from either a 3 year/36,000 mile or 5 year/60,000 mile duration, as well as opt to include maintenance cover if you wish. Furthermore, BMW Service Inclusive is transferable to subsequent owners within the time and mileage period, enhancing the resale value of your car.*

Condition Based Service.
A key feature in most BMW models, Condition Based Service (CBS) signals an innovative leap forward in BMW service diagnostic technology. The way it works is simple. CBS uses hi-tech sensors to constantly monitor the areas of your BMW that are subjected to wear and tear. Based on the results of the data, CBS decides the extent to which servicing is necessary. This information is then stored in your vehicle's key. Using a KeyReader, BMW Service staff can download information to provide an accurate analysis of your vehicle. This means your BMW goes for a service only when it needs to, saving you an immeasurable amount in both time and money.

Service Intelligence.
BMW Approved Technicians are experts in the use of diagnostic equipment, which quickly identifies if and why it is running at anything less than peak efficiency. This leads to rapid identification and rectification.

Service Assurance.
For additional peace of mind, take comfort in the fact that every new BMW is covered by a three-year warranty** that includes BMW Emergency Service throughout Europe.
For more information on BMW Service please contact your local BMW Dealer, BMW Service Authorised Workshop or visit www.bmw.co.uk or www. bmw.ie

* For further information, please contact your local BMW dealer.

** Every new BMW registered within the Republic of Ireland is covered by a two-year manufacturer's warranty – for details, please contact your local BMW Dealer.

BMW Emergency Service. BMW Emergency Service is the only roadside and assistance programme designed specifically for BMW vehicles offering an exceptional range of benefits and services. It is available 24 hours a day, 7 days a week and utilises a dedicated fleet of BMW Approved Technicians, equipped with Genuine Parts and tools, ensuring that you and your vehicle receive the best possible care in the event of any motoring emergency. This tailor-made programme has been specifically designed to meet the needs of BMW drivers travelling in the UK, Republic of Ireland and Continental Europe giving complete reassurance and peace of mind. Every new BMW is covered for three years.

BMW Interactive. The BMW website gives you fast and convenient access to all the latest news and information provided by BMW. Visit www.bmw.co.uk or www.bmw.ie to configure your very own, personal BMW. Find out where your nearest BMW Dealer is located, request a brochure, arrange a test drive or browse hundreds of Approved Used Cars. Any questions? Your BMW Dealer will also be happy to provide further information.

BMW Financial Services. Chances are, you've already seen the BMW you want to drive. While you contemplate your next move, we invite you to talk to us. After all, there's no one better at understanding and meeting the individual needs of BMW drivers.
To help you, at every BMW Dealership, there's a Financial Services Specialist – a dedicated expert who'll find the perfect finance solution for you. They'll talk you through the options and help you come to the right decision. For more information contact your local BMW Dealer.

Notes relating to the Finance Provider BMW Financial Services
Finance is subject to status and available to over 18's only (excludes the Channel Islands). Guarantees and Indemnities may be required.
Finance is provided by BMW Financial Services,
Europa House, Bartley Way. Hook Hampshire RG27 9UF.

BMW Financial Services Ireland
BMW Financial Services Ireland is a trading style of permanent tsb Finance Ltd.
All loans are underwritten by permanent tsb Finance Ltd.
A guarantee may be required. Persons over 18 years are eligible for finance.
Additional information may be required.
Finance is provided by BMW Financial Services Ireland,
56/59 St. Stephens Green, Dublin 2.

BMW Magazine. Every new BMW customer receives a complimentary subscription to *BMW Magazine*. This quarterly lifestyle publication features all the latest news and developments from BMW, including interesting interviews, sporting news, travel experiences and arts stories.

BMW ConnectedDrive. BMW has pushed back many technological boundaries to design cars that offer new levels of performance and safety. Now we are putting those same principles to use within the communications environment, helping BMW drivers and passengers to reach their destination with ease and to access key information from within the vehicle.

BMW ConnectedDrive is integrated with the BMW Navigation and telephone systems to offer enhanced services. In the event of an emergency, a 999 SOS call can be triggered manually or in extreme situations automatically. Details of your vehicle and location will be sent directly to a 999 SOS Emergency Service centre so help can be sent without delay. A similar function is also available to connect you to a BMW Service Centre should you require roadside assistance.

An information based service is also included, with requests to transfer addresses and telephone numbers to your vehicle providing a valuable source of local information.

BMW ConnectedDrive services are not available in the Republic of Ireland, Isle of Man and the Channel Islands. Terms and conditions apply.
